

## ***L. P. Savani Academy Day Boarding***

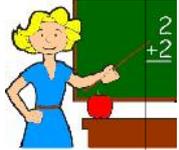

**Class: VII**

**Month: September**

“When students become leaders in an egalitarian community, the school benefits from their perspective and their idealism.”

The school has been putting earnest efforts to form the STUDENTS' COUNCIL every year. This noble gesture was initiated this year also in the month of September.

The students were brimming with confidence to shoulder the newly assigned duties. They expressed their gratitude towards the teachers for placing confidence in them on 5<sup>th</sup> September. The objective of the event was to espouse the confidence, development of leadership qualities and sense of responsibility among the students. The students also took a formal pledge to carry out the duties assigned to them with sincerity and efficiency.

As the future leaders and responsible citizens of the society we inspire our students to do their bit for the environment through social studies classes. As it is rightly said “We have not inherited this earth from our forefathers; we have borrowed it from our children.”

The school took an opportunity to urge the parents also to be a part of the change which can be made in order to hand over a happy and responsible citizen to our country in future. With this aim Parenting workshops were conducted in our school so that everyday small changes at home can be made to groom child's personality. Some simple habits can be implemented in everyday life which will make a difference.

We strive to provide world class education that shapes the child with a disposition that will make him or her step out into the world with confidence.

This month was the month of rigorous planning and methodical study as students were one step behind to archaic Summative Exams I.

They were engrossed in Summative Exams I at the end of the month.

Now the coming month will be loads of surprises.
